School Photographs Permission Form

Each year we have class photographs taken at the school which forms part of our living recordable history of the school for each family together with our school. In order for your child to be part of the class / individual photographs we need to have your written permission. Individual photographs are taken of all children and this forms a composite of the class together with the posed group shot. This does not mean that you have to purchase the photograph taken, but your signed permission acknowledges that you are consenting for your child/ren to have his/her photograph taken on this day as has been the practice in the past.

I _____ Relationships to the child/ren _____
[Please print your name óparent / caregiver] [mother father caregiver]

hereby acknowledge and consent for my child/ren to be part of the school photographs taken each year. I understand that this permission form will grant permission for my child / ren to be part of school photographs for the duration of their attendance at Caravonica State School
